## **I. Application Overview**

Trip Planner is a web application that allows users to create, organize, optimize, and share travel itineraries across the world. The platform provides a simple interface for managing multiple trips and collaborating with other users.

## II. Home Page

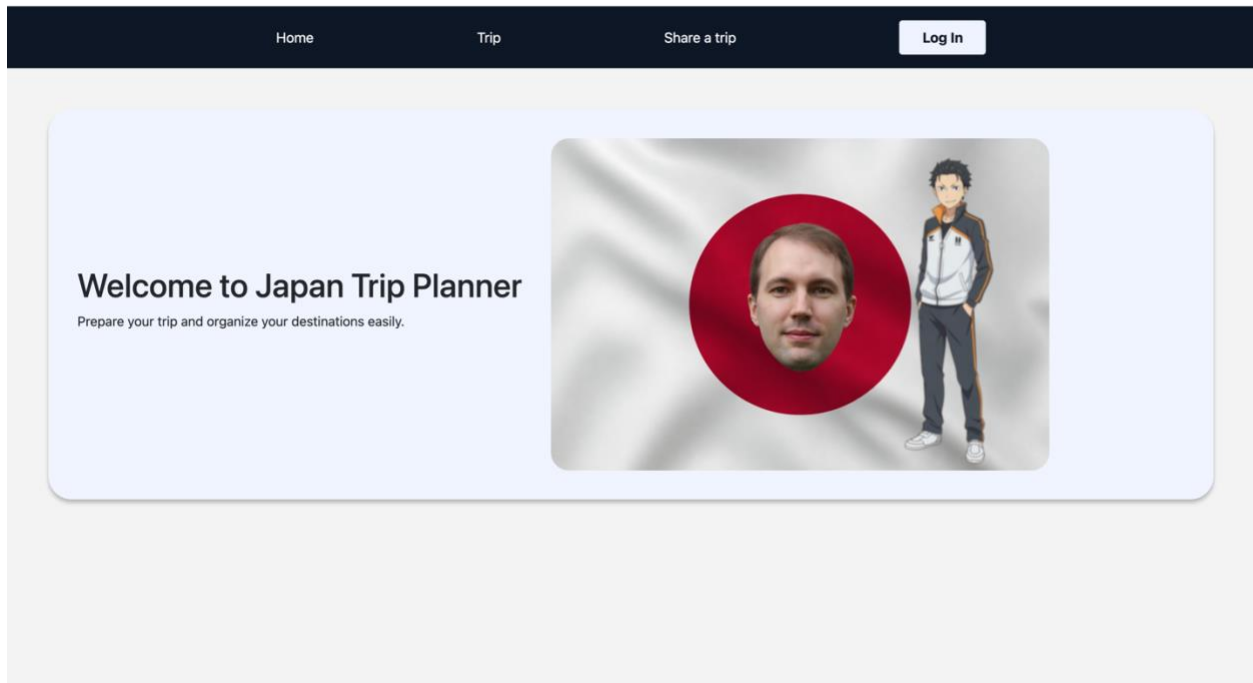

The Home Page introduces the application and its main purpose.

### Features

- Access the application's different sections through the navigation bar.
- View a brief presentation of the platform.
- Log in or create an account.

The navigation bar contains:

- Home - Returns to the home page.
- Trip - Access trip management.
- Share a Trip - Share trips with other users.
- Log In - Access the login page.

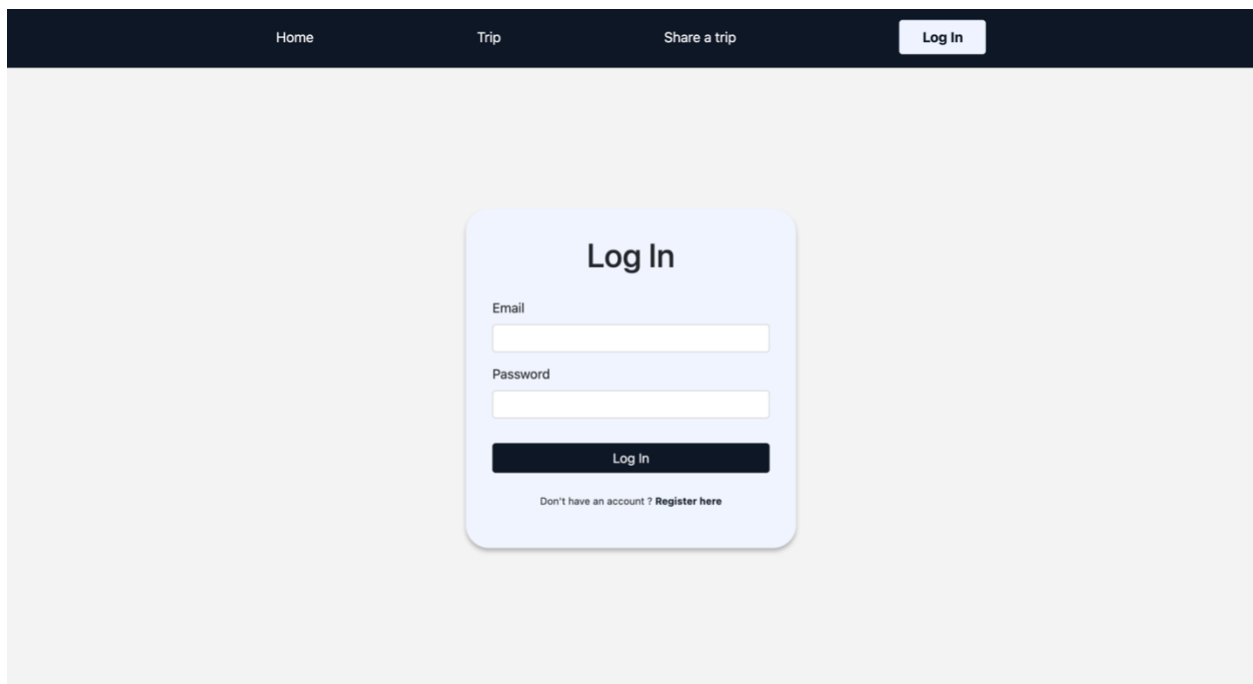

### III. Log In

Users must be logged in to create and manage trips.

#### Steps

1. Click Log In.
2. Enter your email address.
3. Enter your password.
4. Click Log In.

If you do not have an account, click Register here to create one.

The screenshot shows a web application interface. At the top is a dark blue navigation bar with the links 'Home', 'Trip', 'Share a trip', and a 'Log In' button. The main content area is light gray and features a central light blue rounded rectangle titled 'Log In'. Inside this rectangle are two input fields labeled 'Email' and 'Password', followed by a dark blue 'Log In' button. At the bottom of the rectangle, there is a link that says 'Don't have an account ? Register here'.

## IV. Sign Up

Creating an account allows users to access all application features.

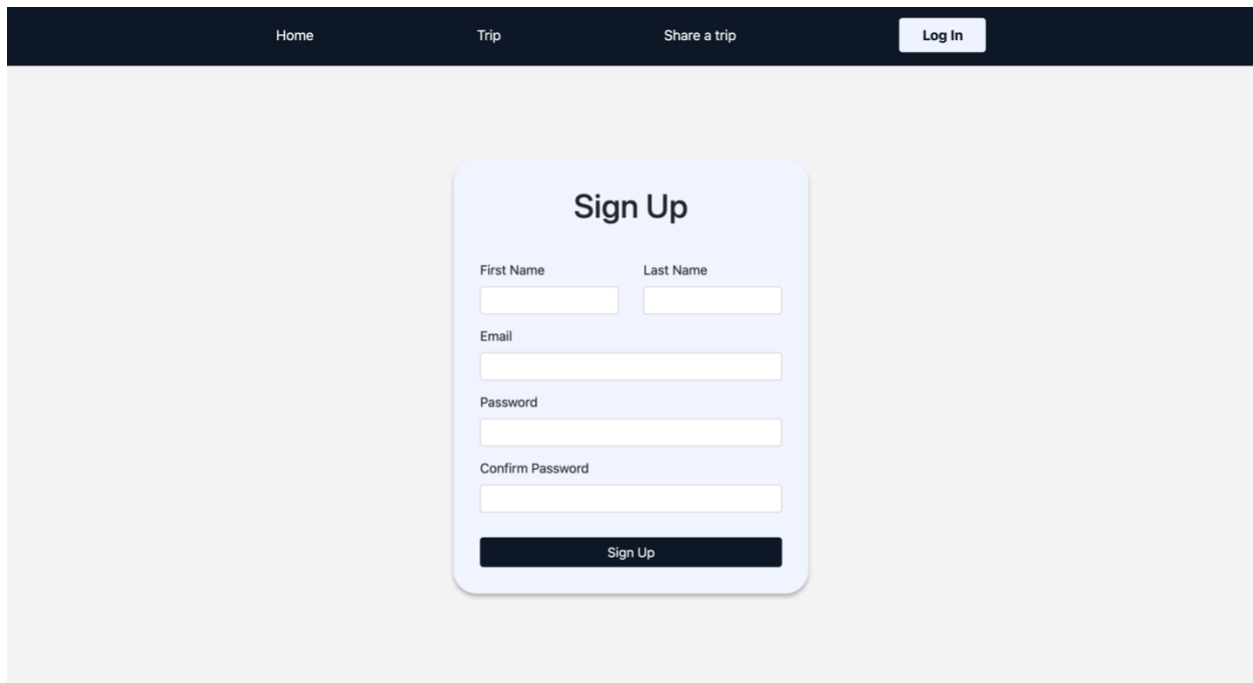

### Required Information

- First Name
- Last Name
- Email
- Password
- Confirm Password

### Steps

1. Complete the registration form.
2. Verify the entered information.
3. Click Sign Up.

After registration, users can log in to the application.

The screenshot shows a web application interface with a dark blue header bar. The header contains four links: "Home", "Trip", "Share a trip", and a "Log In" button. Below the header is a light gray background. In the center, there is a white rounded rectangle titled "Sign Up". Inside this rectangle, there are five input fields: "First Name", "Last Name", "Email", "Password", and "Confirm Password". At the bottom of the rectangle is a dark blue button labeled "Sign Up".

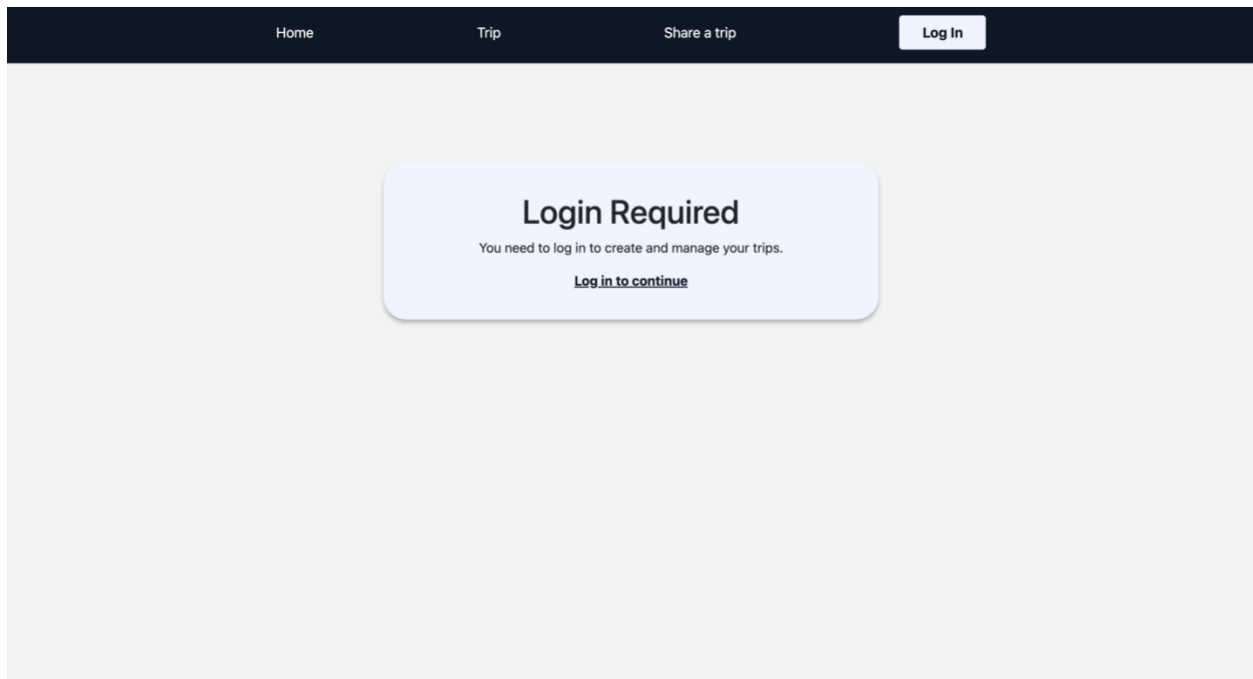

## V. Access Restriction

If a user tries to access the trip management page without being logged in, a message is displayed indicating that authentication is required.

Displayed Message

"Login Required - You need to log in to create and manage your trips."

The user can then proceed to the login page.

## VI. Trip Management

After logging in, users can access the trip management page.

### Creating a Trip

1. Enter a trip name in the provided field.
2. Click Create a Trip.

The trip is automatically added to the trip list.

### Trip List

For each trip, the following actions are available:

- Modify - Edit the selected trip.
- Delete Trip - Permanently remove the trip.

[Home](#) [Trip](#) [Share a trip](#) [Log Out](#)

Create a trip

Trip title

Create trip

My trips

| # | Name         | Action                                      |
|---|--------------|---------------------------------------------|
| 7 | cree         | <a href="#">Edit</a> <a href="#">Delete</a> |
| 5 | ASDCVB       | <a href="#">Edit</a> <a href="#">Delete</a> |
| 4 | Marc Maalouf | <a href="#">Edit</a> <a href="#">Delete</a> |

## VII. Editing a Trip

The trip editing page allows users to manage the different stages of a trip.

### Adding a city

1. Enter the city name.
2. Click Add.

The city is added to the trip itinerary.

### Displayed Information

Each trip stage includes:

- Visit Order
- City Name
- Latitude
- Longitude

### Removing a city

Click the Delete button corresponding to the city you wish to remove.

### Trip Optimization

The Optimize a Trip button automatically reorganizes the itinerary to improve the travel route.

[Home](#) [Trip](#) [Share a trip](#) [Log Out](#)

**Edit trip: cree** [Optimize route](#) [← Retour](#)

City name  
 [Add](#)

**Trip stops**

| Order | City      | Latitude | Longitude | Action                 |
|-------|-----------|----------|-----------|------------------------|
| 1     | Tokyo     | 35.6895  | 139.692   | <a href="#">Remove</a> |
| 2     | Chiba     | 35.6     | 140.117   | <a href="#">Remove</a> |
| 3     | Kanazawa  | 36.6     | 136.617   | <a href="#">Remove</a> |
| 4     | Hiroshima | 34.4     | 132.45    | <a href="#">Remove</a> |
| 5     | Miyajima  | 34.2991  | 132.322   | <a href="#">Remove</a> |
| 6     | Osaka     | 34.6938  | 135.501   | <a href="#">Remove</a> |
| 7     | Nara      | 34.6851  | 135.805   | <a href="#">Remove</a> |

## VIII. Sharing Trips

The Share a Trip page allows users to share their itineraries with others.

### Public Sharing

Users can:

- Generate a public link.
- Copy and share the link with anyone.

Anyone with the link can view the trip.

### Private Sharing

Users can:

1. Enter another user's email address.
2. Click Share Privately.

Only authorized users will be able to access the trip.

### Access Management

For each authorized user, it is possible to:

- Grant access.
- Remove access.

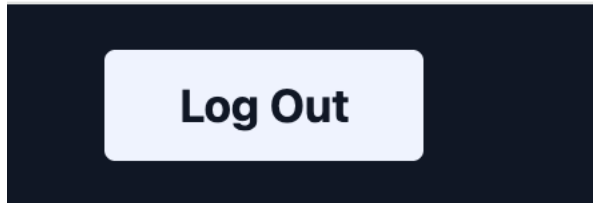

The screenshot displays a web application interface for sharing trips. At the top, a dark navigation bar contains links for 'Home', 'Trip', and 'Share a trip', along with a 'Log Out' button. Below this, a blue header reads 'Share my trips'. The main content area lists two trips:

- cree** (Status: Private):
  - Link: <http://localhost:8888/share.php?id=7>
  - Buttons: 'Make public' (green), 'Share privately' (yellow), and 'Remove' (red).
  - Private sharing section: 'Share privately with (email):' followed by an input field and a 'Share privately' button.
  - Privately shared with: 'lm@gmail.com' with a 'Remove' button.
- ASDCVB** (Status: Public):
  - Link: <http://localhost:8888/share.php?id=5>
  - Buttons: 'Remove public link' (red), 'Share privately' (yellow), and 'Share privately' (yellow).
  - Private sharing section: 'Share privately with (email):' followed by an input field and a 'Share privately' button.

## **IX. Logout**

To securely end a session:

1. Click Log Out in the navigation bar.
2. The user session is terminated.
3. A new login is required to access protected features.

## **X. Summary of Features**

Trip Planner allows users to:

- Create an account.
- Log in and log out securely.
- Create and manage multiple trips.
- Add and remove destinations.
- Optimize travel itineraries.
- Share trips publicly through a link.
- Share trips privately with selected users.
- Manage trip access permissions.

The application provides a simple and efficient way to organize and share travel plans throughout the world.
